Drive System	2/4 WD Electric
Brakes Front / Rear	Hydraulic Disc

Dimensions Specifications

Overall Size LxWxH in. (cm)	84.3x45x46.8 (214.1x114.3x118.9)
Wheelbase in. (cm)	48 (121.9)
Dry Weight lbs. (kg)	603 (273.6)
Front/Rear Rack or Box Capacity lbs. (kg)	75 (34) / 150 (68)
Towing Capacity lbs. (kg)	1050 (476.3)
Hitch Type	Rear 2" Receiver

Instrumentation Specifications

Instrumentation	Digital
Lighting	Dual Halogen Headlights/Dual Rear Taillights

Feature Specifications

Bumpers	Accessory
Gun Scabbard with Mount	Accessory
Racks	Front and Rear Impact-Resistant
Safety Flag	Accessory
Seating	Single
Winch	Accessory

Specifications Subject To Change

ATVs can be hazardous to operate. For your safety always wear an approved helmet, eye protection, and protective clothing. Never engage in stunt driving; riding and alcohol/drugs don't mix and could cause serious injury or even death. Avoid excessive speeds and be particularly careful on difficult terrain. Arctic Cat recommends that all riders read and understand their operator's manual before operation. Along with concerned conservationists everywhere, Arctic Cat urges you to "Tread Lightly" on public and private lands. Ride only on designated areas or trails. Preserve your future riding opportunities by showing respect for the environment, local laws, and the rights of others when riding. Do not shoot from or lean firearms or bows against the ATV. Never carry a passenger on a single-rider ATV. Only ride an ATV that is right for your age. Supervise riders younger than 16. The minimum operator age for ATVs is 16, 14 on the 150 model and over 12 on the 90 and DVX 90 models. Arctic Cat recommends that all riders take a training course. For safety or training information in the U.S., call the ATV Safety Institute at (800) 887-2887. In Canada, call the Canada Safety Council (613) 739-1535 or see your dealer.
